

BIRTHRAGE (\\$BRAGE) Whitepaper

1. INTRODUCTION

BIRTHRAGE (\\$BRAGE) is a BEP20 meme token forged in fire and chaos on the Binance Smart Chain. Born in July 2025, \\$BRAGE channels raw meme energy with a powerful identity: **Born in July. Fueled by Fire. Ruled by Memes.** It represents the fury of birth colliding with the madness of internet culture. With eye-catching branding and high-impact visuals, BirthRAGE aims to ignite a community-driven movement that fuses virality, decentralization, and innovation.

2. VISION

To become the most meme-fueled, community-governed, and utility-infused token in the BSC ecosystem, transforming social media chaos into on-chain value.

3. TOKENOMICS

- **Token Name:** BIRTHRAGE

Note on Liquidity:

As of launch, BIRTHRAGE has no institutional or private funding. To ensure transparency, we are openly calling for community-based fundraising to support liquidity provisioning, exchange listings, and initial development efforts. All funds raised will be transparently tracked and used based on community voting and multisig governance mechanisms.

If you'd like to contribute to BIRTHRAGE and be a part of its early support network, join our community and take part in the funding discussions.

4. ECOSYSTEM & USE CASES

BIRTHRAGE is a fully community-driven project. All developments, utilities, and upgrades are based on open suggestions and transparent voting from the community. The features listed below represent possibilities that the community may choose to pursue together:

- **Staking & yield farming:** Future mechanisms may allow holders to earn passive income through staking—based entirely on community consensus.
- **NFT collection:** "Rage Babies" – a potential collection of 1,000 generative NFTs celebrating the identity and culture of BIRTHRAGE.
- **Mini game:** "Rage Arena" – a community-proposed game where players could compete and earn BIRTHRAGE as rewards.
- **DAO governance:** All proposals regarding features, partnerships, and upgrades will be voted on by the community.

As a community-first project, BIRTHRAGE will only implement features that align with collective decisions. Developers receive rewards not from a fixed allocation but through periodic airdrops, voted on by the community based on contribution and engagement.

We welcome every participant to shape the future of BIRTHRAGE together.
